

central-meeting

# Conference calls

*Confer simply and safely*

*Without investments, easy to use*

Easy to use

International dial-in-numbers

No installations

## Why central-meeting?

A great deal of time and high costs - these are factors which play a key role in organizing meetings.

With conference calls of GTC central meeting you reach customers and business partners in a short term and very cost-effective. No matter where you are - all you need is a touch-tone phone or an Internet connection!

A simple phone enables every dialogue partner to dial into any conference, no matter the network he is calling from. You **don't need any additional equipment**, which means no extra investment, in order to take part in a conference. Use your time better and start your conference call when you like - **without monthly** fixed costs.

# Conference Call – so easy

Depending on the way you want to connect all participants you can choose between a dial-in or a dial-out-conference – or mix both of them.

## Dial-In conference

- + All participants dial in **by phone** at the desired time – **certainly** password protected
- + World-wide in-dialing numbers (e. g. in Great-Britain, USA, Germany, France and many other countries)
- + Recording function and many other features

## Dial-Out conference

- + All participants will be **informed about the conference by e-mail** - free of charge
- + At the desired time, all participants will be **called automatically by the system**
- + After a **successful connection** the moderator will be connected to all the participants

## Your benefits

- + Trilingual menu navigation in German, English and French
- + Possibility to operate the conferences simultaneously online
- + Highest security standard by conference servers located in Germany
- + International dial-in numbers
- + Flexible calculation models
